

Kathryn Smith

kat@matnkat.com | 159 Stanley Hill, Amersham, Bucks | 0787 6516191

I am an enthusiastic and hard-working IT professional with broad programming and analysis experience, looking for temporary or contract work. I'm happy in a team but confident to work alone. My areas of expertise are database driven websites, web applications, activeX DLLs and stand-alone programs.

Key skills

Programming - Javascript and VBscript, HTML, ASP, VB (including VBA) and PHP
Database - design and maintenance of Access, SQL Server and MySQL databases
Project work - client needs analysis, project design, documentation and workload management
Customer support - software support and general PC help-line
Reporting - Crystal reports and Business Objects
Mainframe - COBOL, EASYTRIEVE+ and MANTIS

Date of birth

19th July 1976

Marital status

Married

Nationality

British

Career history

Freelance (2005 – present)

I have worked on many diverse projects with emphasis on PHP and Joomla.

Xplore (2005) – xplore.net

I built and customised websites and HTML emails using a bespoke CMS in PHP and MySQL.

Digitise (2005) – digitise.co.nz

I built a template website with admin system and developed a new booking system for a hotel management web application using ASP and SQL Server 2000.

Viccari Wheele Ltd (2002 - 2004) – viccariwheele.co.uk

As senior programmer at this design studio my responsibilities included liaising with clients; drafting project briefs; building websites, online shops and web applications; project managing. I maintained email and web hosting servers and provided web statistics for clients. The company specialised in SMS notification.

Freelance (2002 – 2004)

I undertook various short-term contracts to build websites, upgrade a web application to SQL Server and amend an online shop.

MGM Assurance (1998 – 2002)

I joined the graduate scheme of this savings and investment company to train as a mainframe programmer, then transferred to PC programming in 2000 where I developed VB programs and web applications for their intranet and extranet.

Education

1995-1998 University of Manchester

Qualifications
